

Dear Valued Partners,

From our global offices, warehouses and depots, Resolve teams are prepared and ready whenever you need maritime response and recovery services. Long before the Coronavirus outbreak, Resolve has been at the forefront overcoming our client's challenges through detailed planning and technical expertise that save lives and property. As the global COVID-19 pandemic grows, we want you to know that Resolve is taking proactive measures to ensure our teams can continue to provide the trusted support you have come to rely upon.

While we are taking every precaution possible to ensure the safety of our teams, our offices in the US, Europe, Africa, and Asia are fully operational and supplied to respond at a moment's notice. Resolve's Health, Safety, Environmental, Quality (HSEQ) Group are in constant contact with our global offices, warehouses and depots reinforcing health, hygiene, and safety protocols.

Resolve is informed, organized, and equipped to deliver our reliable services to your vessels anywhere in the world. In every office, our teams are staying up-to-date and monitoring changes as they occur ensuring we can adjust and deliver as expected wherever you need us.

Below are emergency numbers for our 24/7 manned operation centers:

Emergency Response: +1.954.764.8700

APC – Alaska: +1.907.243.0069

OPA 90 SMFF: +1.954.764.8700

As situations develop and change rapidly, we want you to rest assured that Resolve Marine is operational and ready focusing on everyone's safety!

Joseph E. Farrell, Jr.
